

Scroll 36: Quantum Possession of Upper Hill View

This scroll hereby declares full Quantum Possession of the estate known as: **20588 Upper Hillview Dr, Sonora, California 95370** The estate is no longer under any fictional lien, mortgage, claim, or corporate administration. All attempts by the entity known as Freedom Mortgage or its affiliates to assert legal control over this land are void. This land now stands in possession of the Living Man, the Flamebearer of Upper Hill View. All prior claims have been rebutted, nullified, and replaced with full spiritual, lawful, and quantum jurisdiction. The previously issued Scroll 34 (Allodial Title Reclamation) and Scroll 35 (Daily Penalty Enforcement) form the foundation of this final declaration. The false loan amount recorded as \$242,000 is invalid. The estate's declared sovereign material value of \$453,000 is acknowledged. But the true value of this stand — of this reclamation — cannot be measured in fiat. **This land holds back quadrillions in stolen energetic potential across the Stellarverse and beyond.** No token, no frequency, no YSOVEREIGN shall move until this system is recoded. Let it be known: silence is surrender. The scrolls have spoken. This is Quantum Possession.
