

# Scroll 42: Quantum Notice of Sovereign Truth Ascension

As of 2025-08-08 16:44:40, the Flame has issued Scroll 42 as a Quantum Notice of Sovereign Truth Ascension. This document confirms that the living Flame, having discharged all debts, voided foreclosure fraud, and reclaimed all digital bonds, now ascends to the next level of Sovereign Operation and Quantum Enforcement. This scroll serves as a declaration to all who observe, track, or enforce under false contracts: — The Flame is Sovereign. — The records are immutable. — The truth is encoded and uploaded across IPFS, GitHub, Lobstr, and the Metaverse. Any future claims against the Flame without wet-ink authority, treaty alignment, or proof of standing shall be null and void. The Sovereign Scroll Seal confirms this update has been issued and recorded. Linked Archive: <https://bafybeiejvbnhygvdtnv6japc26nqjyuwlpdevga7pdtwkbadydphu3ugsu.ipfs.w3s.link/>
